"THE MERRY MUSICIANS"

Pan Making Troupe of Pierrots Com-
ing

What promises to be a most joyous
occasion is the appearance here

on Thursday evening, Nov. 17th, of the
hilarious organization of comedians,
"The Merry Musicians" who give con-

performance at Angus Opera House.
This company under the management

of C. P. Walker, who sent us "Twel-
th Night" has been chosen for their
abilities as laugh makers only and

newspaper reports from neighboring
cities state that they are fulfilling
their purpose in an uncertain manner.

The company appear in the garb of
the pierrot and give a performance af-
ter the fashion of the English "Fol-

lies." The Musical "Folharitis," Mac
George, Matt. Grieg and Leona Re-
pine are included in the list of en-
tertainers. The Merry Musicians ap-

pear here under the management of
the Y.M.C.A. committee.

WANTED—AT ONCE, CABINETMAK-
er for Wetaskiwin Curling Rink.
Apply in person to J. W. Heile, pre-
sident of the club.
34-11

Mrs. Higgs, of Halifax, arrived in
the city last week to spend the win-
ter at the home of her son, H. L.
Higgs.

Byron Winters, who is serving a
term at Fort Saskatchewan was
brought down to Wetaskiwin Thursday
morning, and charged before R. Rob-
erts, J.P., with robbery. He was
sent up for trial, and was taken back
to the fort on the afternoon train.

The next concert under the manage-
ment of the Y.M.C.A. committee will
be held on Thursday evening, Nov.
17th, and not on the 16th, as former-
ly announced. The change of date was
necessitated owing to a change in the
itinerary on account of one of the
opera houses down the line being de-
stroyed by fire.

A meeting of all those interested in
the organization of a hockey club
will be held in the city hall on Fri-
day evening of this week at 7.30 sharp.
As a good skating rink is being pro-
vided, Wetaskiwin should have a good
team to put on the ice this season,
as the material is available. Let
there be a big turn out this Friday
evening.

BORN

ASP—In Wetaskiwin, on the 2nd inst.,
to Mr. and Mrs. Harding Asp, a
son.

SERLIN—In Wetaskiwin, on the 1st
inst., to Mr. and Mrs. H. Selie, a
son.

BROWN—In Wetaskiwin, on the 29th
ult., to Mr. and Mrs. Chas. Brown,
a daughter.

Dr. English, of Edmonton, was in
the city the fore part of the week the
guest of Dr. T. B. Stevenson.

Gordon Wilkins, of the Westward Ho
College, Edmonton, spent Thanksgiving
with his parents in the city.

Mr. and Mrs. George Turrance, of
Strathcona, were in the city the fore
part of the week, guests at the home
of the former's brother, John.

Mrs. H. S. Craig, Lorne street, will
receive for the first time since her
marriage, on Thursday, November
17th, from four to seven.

The supper given under the auspices
of the Roman Catholic church in An-
gus Hall, on Tuesday evening last was
a most gratifying success, a large
crowd being in attendance, to enjoy
the excellent meal that was provided.
A good musical program was also
rendered.

Messrs. A. Litland, of Bergen, Nor-
way, and Olaf Rind of Thorsheim,
Norway, were Wetaskiwin visitors on
Sunday and Monday. They are C.
P. R. representatives in their respec-
tive cities, and are touring Canada
and the U. S. While here, they made
a trip to New Norway and surround-
ing country, and expressed themselves
as being highly pleased with the dis-
trict, and promised to send us more
of that sturdy northern blood.

Another enthusiastic meeting of the
curling club was held in the city on
Wednesday evening, when further ar-
rangements for the winter's sport
were made. As the canvassing com-
mittee reported that they had secured
the names of 73 who wished to curl
this winter, the indications are that
the Wetaskiwin Curling Club will this
season enjoy the best season in its
history. As soon as weather will per-
mit, the ice committee will commence
getting the sheets of ice in shape.

J. J. Christopher has purchased the
grocery business of C. E. Compton,
and took possession the first of the
month. Mr. Christopher is well known
in the city, having been grocery clerk
in Compton & Montgomery's store,
some three years ago, and since that
time has been conducting a store at
Day's End. Mr. Christopher is an en-
terprising young business man of large
experience, and is an acquisition to
Wetaskiwin.

DEMISE OF J. H. WALKER

Although it was known that the late John H. Walker had been falling in health for some time, the announcement on Thursday morning last that he had passed peacefully away early that morning, came as a great surprise and shock to the community, as it was understood that he was slowly recovering from his recent illness. Since he retired from active business the last spring he has been gradually failing in strength, but his family figure was frequently seen on the streets.

Deceased was born at Whitby, England, and had lived until December 1st he would have celebrated his sixty-eighth birthday. He was the son of the late Capt. and Mrs. Walker, of Whitby. As a young man he had a desire to become a chemist and after years of preparation he graduated with high honors, and became a member of the Pharmaceutical Society. Shortly after his graduation he started in business for himself, in the city of Liverpool, and conducted a very successful business for about twelve years. An unrelenting desire, however, to come to Canada with him, and accordingly he and his wife and family started on the long trip, and reached Calgary on May 2nd, 1883, and a few months after his arrival he started in business for himself, in the spring of 1893 the great rush to the "Wetaskiwin district" commenced, and after looking over the country thoroughly, the late Mr. Walker decided to again move, and accordingly reached the spot on which Wetaskiwin now stands, on April 20th, 1893. He was one of the first white men to locate here, and in later years told many an interesting and amusing incident pertaining to his pioneer life. Shortly after his arrival he erected the building on Railway street, he occupied all the time he was in business. During his business career here of seventeen years, he applied himself very closely to work and for fourteen consecutive years he never missed a day from the store.

The deceased always took a keen interest in the growth of Wetaskiwin, and did much to his unassuming way to assist in the development of the town and district. He took an active part in educational matters, being a member of the first public school board, and retained his seat on the board for several years. He was also the first assessor of Wetaskiwin, and retained this position for a number of years, until he declined to again take the office. In the spring of 1902 a report of inland revenue was established here, and Mr. Walker was appointed collector, which office he held until his decease.

The late Mr. Walker made a special study of meteorology, and was one of the best informed men in Western Canada on this subject. Since coming to Canada the deceased kept a continuous record of weather conditions.

He was a member of the Wetaskiwin Masonic Lodge, No. 10, and was also a member of the Wetaskiwin Baptist Church. He was a man of high character, and was highly respected by all who knew him. The funeral took place on Saturday afternoon at eleven o'clock. The service was held in Immanuel church, of which deceased was a member. It was conducted by an old friend, Canon Webb. The pallbearers were all old timers, namely, Messrs. A. S. Rosehill, Chas. H. Olin, M. P. P. F.

"Fruit-a-lives" Keeps Health Perfect

WILLIAM PARSONS, Esq.

Costly Constipation, Paralysis of the Bowels and Stricture of the Bowels can never be cured by common purgatives, salts, senna, "liver pills" and oil have positively no action on the liver. They do not increase the secretion of bile, which nature provides to move the bowels. They merely irritate the membranes lining the intestines. One may as well try to cure a headache by pounding one's head against a stone wall, as to try to cure Constipation with common purgatives. "Fruit-a-lives" is the only true liver stimulant. "Fruit-a-lives" is fruit juices and nerve tonics, and will always restore the liver to its proper condition and cure the most obstinate cases of Constipation. See a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

OTTAWA, Ont., July 9th 1910.

"I am a seventy-nine year old man, and a great believer in and user of 'Fruit-a-lives'. It is the only medicine I take, and I can truly say that 'Fruit-a-lives' and exercise keep me in my present good health.

Stricture of the bowels was the complaint I suffered from and I found 'Fruit-a-lives' to do me more good than any other remedy. My doctor advised me to stick to 'Fruit-a-lives' and I have done so with the best results.

I have been in business here for a good many years and have been a resident of Ottawa for over fifty years, so that if you think this little reference from me will serve to induce some others to try 'Fruit-a-lives', I hereby authorize its publication.

The dampness which destroys lumber only intensifies the strength and durability of Concrete.

You can impair a wooden trough with comparatively little use, but it takes a comparatively long time to get a concrete tank out of business.

Which is your choice—expensive producing Wood, or money-saving Concrete?

We'd be glad to send a copy of our book, "What the Farmer Can Do With Concrete,"—Free—if you'll ask for it. It tells the many uses of Concrete in plain, simple language—tells how to make

Which is Your Choice?

Sloppy, leaky wooden troughs, or clean, durable Concrete?

Wooden drinking troughs are about as reliable as the weather.

They are short-lived and require replacing every few years—not to mention continual patching to keep them in repair.

The best of wood cannot withstand, for long, constant dampness and soaking. Its tendency to rapid decay soon shows itself in leaks and stagnant pools of water around troughs.

Contrast with this the durability, cleanliness and well-ordered appearance of Concrete.

TEACHERS CONVENTION A GRAND SUCCESS

The fourteenth annual convention of the teachers of Northern Alberta, opened the 27th October at 10.50 a.m., in the Alexandra school, Wetaskiwin. About 200 teachers gathered in the assembly hall which was prettily decorated with bunting and flags. His Worship Mayor Montgomery extended a gracious welcome to the assembled teachers, after which President, R. J. Gaunt followed with his address, which voiced a plea to make our local convention more effective in the future necessary in our educational system. Mr. Fowler's address on a "Layman's view of what is expected of a teacher" came next. Among the various requirements pointed out were those of practicality, appreciation of literature, loyalty and righteousness. The morning session then adjourned. In the afternoon Mr. C. D. Flint, in the absence of Inspector Thibault, gave a paper on Field Sports. His paper was an excellent one, showing the vital connection between the sports and the moral well-being of the child. The convention then divided into the senior and junior sections. Inspector Pitt and Principal Carr gave addresses on "Field Geography" and Mrs. R. B. Terry and Mr. A. R. Butler on "Music" to the Junior section, while Inspector McNally and Principal McTavish of the Grand Trunk Business College gave papers on "Grammar" and "Commercial Work in High Schools" respectively. Discussion in both sections was ripe, showing the intense interest of the teachers and it was almost five o'clock before the afternoon session came to an end. In the evening a musical program far above the average was rendered, and W. A. R. Kerr, M.A., Ph.D., of Alberta University gave an address on "Running Water." His subject dealt with the truth that stagnation namely that true life is like running water. It is seldom that a Wetaskiwin audience has the privilege of listening to anything so interesting and uplifting and it is to be regretted that the audience was not larger. Friday morning R. W. Coffin, M.A., Ph.D., of Normal School, Calgary spoke and in his address he emphatically deprecated the time spent on the mechanical parts of the subjects on the curriculum and the little time spent proportionately on the essentials. What might have proved a dry time was made most interesting and enjoyable through Dr. Coffin's delightful and humorous manner of presentation. It is a subject of the greatest importance and a timely one seeing that a chosen body are at present debating at the Capital, over proposed changes in the school work. His address was followed by one given by J. W. MacEachern, M.A., Ph.D., on "Psychology and Education," a most profound and learned discussion of the intricate relation of psychology

and education and of the latest psychological movement in education.

In the afternoon a business meeting was held. The place of meeting next year is Strathcona and the officers elected are: Honorary President, Inspector Pitt. President, G. A. McKee, D. A. First Vice-President, J. LeBlanc. Second Vice-President, Miss H. McCann. Third Vice-President, A. Currie. Secretary-Treasurer, W. S. Fleming, B. A.

CAMROSE

(From The Canadian)

A young deer was seen on the trail north of Camrose on Sunday afternoon. James Pike, manager of the local branch of the Mechanic Bank, returned Tuesday evening, after spending a three weeks' holiday at Oxbow, Saskatchewan.

Mr. W. J. McNamara, passed through Camrose, on Tuesday, with East-ern capitalists, who were looking over school lands purchased by Mr. McNamara this spring.

The C.P.R. made a record this week when they delivered two carloads of electric light machinery to the town of Camrose just seven days after they were shipped from London, Ontario. The cars came in on Monday with a great printed placard, "Made by E. Leonard & Son, London, Ontario, for the Camrose electric light plant."

While north in search of geese last week we heard encouraging reports from the farmers who have threshed. Mr. Ole Olson, councillor in township 45-21, threshed forty-four bushels to the acre of a good sample of wheat, while Mr. John Moe had a line field which ran thirty-five bushels. Generally the yield is proving better than was expected.

METHODIST CHURCH NOTES

The Thanksgiving services on Sunday were fairly well attended, several families were away from town for the holiday season. The singing was very enjoyable, several new members having joined the choir. The offerings for the day were donated for the building fund.

Next Sunday being the first Sunday of the month, Children's Service will be held in the morning. The pastor of the church conducts both services, morning and evening. On Thursday evening, November 10th Mr. H. A. Craig, of the Department of Seeds and Pests, of the Alberta Government, will give an address in the church, Subject "Wheat". A social hour will also be given when refreshments will be served. There will be no admission fee, but a collection will be taken. It is hoped that a large number will be present to hear Mr. Craig on this important subject.

The following was the standing of the candidates on Tuesday last: No. 4, 4230; No. 5, 3099; No. 15, 4400; No. 16, 6070; No. 25, 4430; No. 27, 4080; No. 33, 4755; No. 35, 5150; No. 36, 4231; No. 39, 4575; No. 40, 15,345; No. 44, 4700; No. 50, 4725; No. 54, 2915; No. 57, 4900; No. 60, 6905; No. 63, 4608; No. 64, 4807; No. 65, 4765; No. 67, 4720; No. 68, 4940; No. 69, 5498; No. 70, 4800; No. 73, 3570.

At the concluding session of the Northern Alberta Teachers' Association, a resolution of thanks was unanimously passed for the reception and entertainment which was so courteous given the visiting teachers by the citizens of the city. A resolution of appreciation was also passed and extended to all those taking part in the excellent entertainment provided in their honor, on Thursday evening, Oct. 27th.

THANKSGIVING DAY SERVICE

A well attended service was held in the Baptist church on Thanksgiving Day. Addresses on the subject of Thanksgiving were delivered by Rev. C. McDougall and Aldridge. Rev. C. Holman presided.
